## ***NSCC - Administration Offices and Exam Rooms 2004***

Owner: North Shore Medical Center  
Architect: Healthcare Architects  
R.C. Griffin, Inc.: General Contractor

### ***Project Summary***

The three phase project began with the construction of 5 new offices and relocating the existing medical staff and administrators. Phase two was the construction of 11 new exam rooms with a new blood draw room and new reception area. Phase three was the complete renovation of the nurse's call station. All three phases were completed without any patient disruptions.
