

Swampscott Beach Club

Swampscott Beach Club Swampscott, MA 2003

Owner: Swampscott Beach Club
Architect: William Hall Swampscott, MA
R.C. Griffin, Inc.: General Contractors

Project Summary

Demolition of the existing building and pool began in November of 2002 for the construction of a new 2,500 S.F. beach club and 3,500 S.F. Gunite pool. The club has men's and women's locker rooms complete with showers and changing rooms. A highlight of this project is the 1,000 S.F. beamed-ceiling function room with cupola. The building also has a kitchen, manager's office, and a surrounding deck which overlooks the ocean.
